**Description:** Wage and hour claims, particularly for overtime, may be the fastest growing and most costly types of claims against employers. The U.S. Department of Labor's Wage and Hour Division has announced it is allotting an additional \$30 million to investigate and remedy Fair Labor Standards Act (FLSA) violations and hiring almost 300 more investigators. This free seminar for employers will help you learn how to navigate FLSA and similar state minimum wage and overtime laws as well as how to avoid common mistakes and ensure you are in compliance.
